

Summary Usage Report

8/1/2004 - 7/31/2005

The following table identifies guidelines currently represented in NGC that were developed by your organization and/or for which your organization is listed as a co-developer. The first column on the left, presents the NGC#. The middle column displays the guideline title. The last column on the right, presents the number of page views for the given summary over the specified time range (8/1/04 - 7/31/05).

Note: A "page view" reflects the first time a given summary was viewed during a user session.

Spanish Society of Rheumatology

NGC #	Title	# of page views
002909	<u>Clinical practice guideline for the management of rheumatoid arthritis.</u>	14884

A page view represents the first time a summary is viewed during a session
